

# Tress Stilo, floor design Marc Sadler 2011

FOSCARINI

The seduction of a woman's tress was the initial inspiration for the Tress family of lamps. This design-come-true by Foscarini was achieved through the development of a completely original technological process, involving a fiberglass and resin tape woven with orderly casualness to become the structure and aesthetics of the lamp.

Tress changes personality according to its colour: it is light and discrete in white, strong and decisive in black and volcanic and totemic in red, which makes the contrast between the interior and the exterior even more evident.

Elongated, thin and slender, Tress Stilo like an exclamation mark or a tribal object has a strong and suave graphic design. In contrast to the highly technological innovation that went into its development, Tress Stilo's shape recalls an artisanal, hand-made object. Its elongated silhouette is ideal to personalize the corner of a room, the space between a sofa and an armchair or any other setting where a compact, yet visually strong lamp is required.

FOSCARINI

## Description

Floor lamp with diffused and indirect light. The fibreglass-based composite material diffuser is produced by modelling tape along a mould with an automatic control of the pitch/pattern, which is then epoxy powder coated. Upper brushed steel parabola with function for reflecting the light inside the diffuser. Epoxy powder coated metal base to match the colour of the diffuser. The transparent cable is fitted with a gradual luminous intensity dimmer.

**Materials:** compound material on lacquered glass fiber base

**Colours:** black, white, red

## Brightness

semi-diffused and up direct light

## Weight

net kg: 4,20  
gross kg: 6,20

## Packing

vol.m<sup>3</sup>: 0,094  
n.bboxes: 2

## Bulbs

– halogen 1x100W E27 PAR 30 30°

with dimmer included

## Cable length

## Certifications

□ ▽ CE IP 20
