

Giga-Lite, floor design Marc Sadler 2004

FOSCARINI

The collaboration between Foscarini and Marc Sadler began with Mite; a floor lamp so innovative that it was awarded the Compasso d'Oro (Golden Compass) in 2001. The company and the designer even developed a special patent for Mite: a mix of fibreglass and carbon thread or Kevlar® that acts as both decoration and a supporting structure at the same time. Technology previously used to produce fishing rods, oars and golf clubs was introduced to the lighting world for the first time. The extreme flexibility of this material – which

is light and resistant at the same time – has enabled the design of an entire collection of lamps for various different uses. This has given rise to Giga-Lite – offered in floor and suspension versions, both of which feature a large, cylindrical diffuser of 50cm diameter. Three light sources pointed in different directions light the diffuser evenly, giving prominence to the decoration of the lamp and projecting an intense and warm band of light upwards and downwards. The dimensions the Giga-Lite collection make it suitable for both

domestic and contract use, furnishing any room with the elegant personality that characterises the entire collection.

Giga-Lite, floor technical info

FOSCARINI

Description

Floor lamp with diffused and direct light. Diffuser achieved using an artisanal process that entails the application of a Kevlar® thread for the yellow version and a carbon thread for the black version onto a glass fabric. Brushed stainless steel telescopic rod which can be extended by approximately 25 cm with external knob lock, satin finish stainless steel base with laser-cut metal ballast. The transparent cable is fitted with a dimmer which can be used both to adjust the level of luminous intensity gradually or as the ON/OFF switch.

Materials: fiberglass fabric with Kevlar® or carbonium thread and stainless steel

(Kevlar® is a Dupont registered trademark)

Extendable

Colours: yellow, black

Brightness
diffused light

Weight

net kg: 9,80

gross kg: 13,90

Packing

vol.m³: 0,214

n.bboxes: 2

Bulbs

– halogen energy saver 3x116W E27

with dimmer included

Cable length

Certifications

□ ▼ CE IP 20
