

Model: ZigZag Dimple

Base design: Jutta Friedrichs, Shell design: Sander Mulder

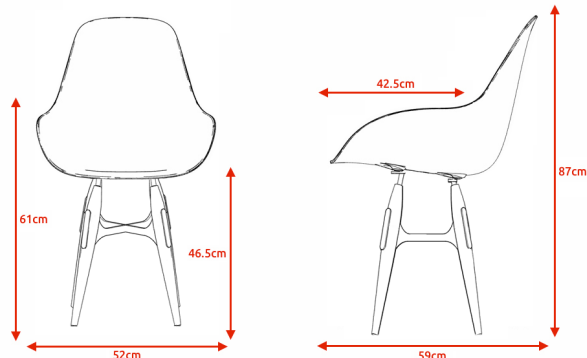

The **Dimple** seat's structural design was inspired by an eclectic mix of old, vintage race car seats and golf ball patterns. The union of the two concepts has created a comfortable and highly ergonomic body, with a modern, vibrant aesthetic.

The **ZigZag** base harmoniously combines the warmth of the ash wood, with the cool colours of the metal inserts. ZigZag delights with its unusual combinations, and has the ability to create a contrast in materials which, thanks to an extreme attention to details, creates an essential and refined design.
