

Model: Diamond Dimple Tailored

Base design: Stolt Design, Shell design: Sander Mulder, Upholstery: Kubikoff Lab

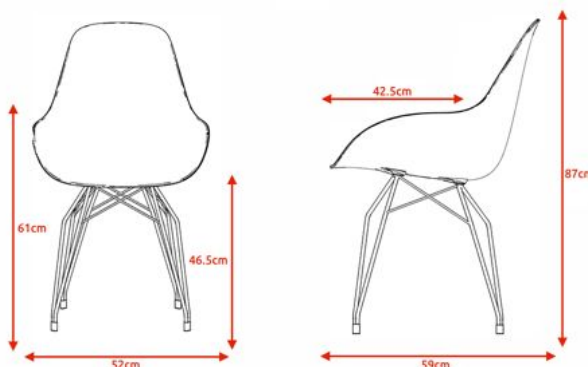

The **Dimple Tailored** shell's structural design was inspired by an eclectic mix of old, vintage race car seat. Comfortable and highly ergonomic body, with a modern, vibrant aesthetic. The shell is padded with a Polyether foam sg 75 kg/m³, and is carefully lined in leather, eco-leather or fabric.

The **Diamond** base is inspired by the facets of a cut diamond, creating a similar play of light. A simply sophisticated piece of furniture, perfect for modern and minimalist settings. The purity of the concept, and the high-quality design, combined with complex lines that create a light and luminous metal structure, creating a modern and sophisticated silhouette.
