

Model: Icon Dimple Closed

Base and shell design: Sander Mulder

The **Dimple** shell's structural design was inspired by an eclectic mix of old, vintage race car seat. Comfortable and highly ergonomic body, with a modern, vibrant aesthetic.

The **Icon** base is so innovative, that it challenges the basic concept of a makeshift chair: the structure of ash wood, cut to look natural, consists of connections studied in detail, to create a sophisticated, functional design. What makes this chair looks distinctive and unique is its wooden legs. The legs are made into wooden reality with CNC technology. Icon collection skillfully combines modern art with affordable yet durable materials to create perfectly balanced, functional furniture.

MEASURES:

Height:	87 cm
Width:	52 cm
Depth:	59 cm
Seat height:	46.5 cm
Seat depth:	42.5 cm
Arm height:	61 cm
