

Model: ZigZag Dimple Tailored

Base design: Jutta Friedrichs, Shell design: Sander Mulder, Upholstery: Kubikoff Lab

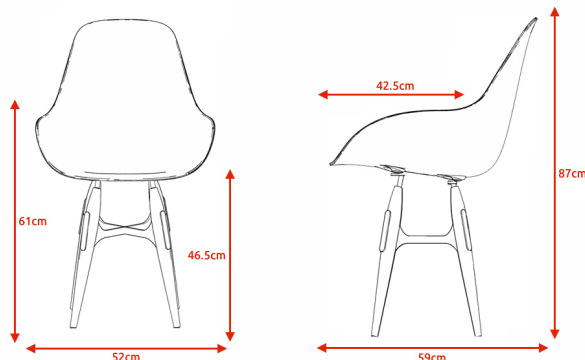

The **Tailored Dimple** shell's structural design was inspired by an eclectic mix of old, vintage race car seat. Comfortable and highly ergonomic body, with a modern, vibrant aesthetic. The shell is padded with a Polyether foam sg 75 kg/m³, and is carefully lined in leather, eco-leather or fabric.

The **ZigZag** base harmoniously combines the warmth of the ash wood, with the cool colours of the metal inserts. ZigZag delights with its unusual combinations, and has the ability to create a contrast in materials which, thanks to an extreme attention to details, creates an essential and refined design.
