Attalo - Mwl

MY WHITE LIGHT®

DESIGN BY :

Wilmotte & Industries

MATERIALS :

Aluminium

DESCRIPTION :

Suspension lamp. It uses fluorescent RGB (red, green, blue) light sources, which enable a limitless variation of white light, with different intensities and a variety of colour temperatures. Aluminium structure with lower prismatic methacrylate diffuser, the upper diffuser is in transparent polycarbonate. Emission of direct and indirect light.

The colour selection functions are set by a radiofrequency remote control.

Light emission

Direct/indirect

IP 20
