Eutopia sospensione

DESIGN BY :

Carlottade Bevilacqua
2009

MATERIALS :

Reflecting aluminium

DESCRIPTION :

"The mirror reverses perspectives through visual interferences, and interacts with space: it has the ability to capture the dynamics of a place; it multiplies points of view, and becomes a filter in the indoor-outdoor relation. A lonely entity in space or a continuum of dynamic light without breaks or shadows." Materials: structure in reflecting aluminium; surfaces in mirror methacrylate; optic in aluminium.
