PATINA & FRAGMENT COLLECTIONS

Patina and Fragment collections have a semi-felted surface, which generates a look with natural qualities and with slightly irregular edges. All the rugs in the series are united by this style of unpretentious homeliness. Patina and Fragment collections are the perfect rug for a living atmosphere, where people feel at home.

Patina

Time can cover surfaces with traces of usage and age. This mantle of time melts into the object and is intrinsically tied to it. Like cracks in the painting of an old master are inseparable from the piece of art, Patina is a rug with time inscribed.

Fragment

The certain fascination we feel with a ruin of a castle or fragmentary pieces of historic objects is nourished from the imaginative space opened by our inner eye. Our fantasy can wander and drift away into stories from times gone by - Fragment is like a window into an imaginary past.
